In addition, the person must be a respected individual who has exhibited a cooperative spirit when involved in the sport.

Nomination Process

The board has access to the lifetime targets attained and the major awards received by an individual, therefore it is not necessary to furnish this information other to know that such accomplishments exist.

It will be necessary for the individual making the nomination to include as much information about the nominee's significant contributions to the trapshooting sport as is known. This input will play a major role in the final selection process.

Compile the list of significant contributions and e-mail this information to Chuck Labanics, LTA Secretary, at clabanics@aol.com. This information must be received by August 25, 2008 in order to be considered by the Board at the fall meeting.

Application for LTA Board Membership

Board members must be willing and able to support the LTA activities including the State Shoot by contributing time and effort in preparing for the shoot as well as expending efforts during the weekend of the State Shoot. Ongoing efforts include selling sponsorship advertisements that are printed in the program booklet, ordering trophies and other awards presented at the State Shoot, and participating in other fund raising events such as selling raffle tickets for drawings held at the State Shoot. Board members assure that the State Shoot is a success, and must be willing to do the work in order to make it so.

Board members must attend one to two meetings during the year as a part of the State Shoot planning process, usually held in a central location such as Alexandria. Board members must be willing to contribute their time as well as their travel expenses as they may occur.

Board members are always looking for individuals to be on the board who want to help enhance the trapshooting sport. Anyone seeking to be included on the LTA Board of Directors should make their desire known by sending a note to Chuck Labanics, LTA Secretary, at clabanics@aol.com. This information must be received by August 25, 2008 in order to be considered by the Board at the fall meeting.
